No 1

here's the story of our rise and fall  
when we touched we had it all  
i was the earth you were the sky  
now that it's over there's no reason to lie

many laughs have been had  
like the sweet voice of a bird  
many tears have been shed  
in the raging fire of hurt

the stars in your eyes still light up my night  
to you i'm still like the sand to the tide  
i got no strength at all in this state that i'm in  
'cause you're still in my system, still under my skin

time to let go i am told  
but speaking is silver silence is gold

No 2

come my sweet love

so i may bathe in your glory's shine
only when the stars shine above
you shall forever be mine

i let down my guards
under your feverish touch
kill me with the ace of hearts
there's nothing else i want that much

i don't know how i don't know why
don't know why i even try
to loosen myself from you

your every word drives me out of my mind
words full of passion but ever so kind
i'm falling into you falling into the blue
