Near You

Wie schon gesagt, dass ist die Englischübersetzung von 'Bei dir'...aus diesem Text
bastel ich jetzt mit einem Freund, der es auch übersetzt hat, einen Song ^^
Ich hoffe es gefällt euch und über Kommentare freuen wir uns immer!
Aber wehe es wird geklaut!!!

NEAR YOU

i am sinking deep inside my thoughts
inside my sadness,
inside my fear
and i wish you were here

i wanna break out of this hell
where you're away,
now i'm without you
and i wish you were here

it's raining outside i'm about to scream
i'm missing you
i feel so cold inside
and i wish you were here

nobody knows my sadness my fears,
my loneliness
yes i feel alone
and i wish you were here

nobody's listening
i can't find comfort
do you understand me?
how i wish you were here

my reliance is broken
who could hold me now?
who's just able to help me?

i still wish you were here

who is listening to me?
who is leading me now?
i wanna be with you
i wish you could be here

now you're in gods hands
protectin' me from above
your suffering is over
we'll be unified someday

'cause i wish... you were here
