## unforgotten smile

The glocks stands still.  
But the time is just running on my mind.  
I keep my memory of your smile until the day I die.  
Your photo will never be forgotten.  
Your voice was never be soundless.  
And your heart will always be with me.  
I see.  
Your soul is completly free.  
So I close my eyes for a while.  
And remember, I'll never forget your smile.

Rest in Peace
